

## ***2022 LWV Hotel Accommodations***

***Each of you is responsible for booking your own room reservations.*** Please mention that you are with **Leadership West Virginia 2022**, when making your reservations. Where possible, we have negotiated favorable rates. Please do not miss the release dates listed. You may begin making your reservations now for all sessions.

Last minute reservations can be a problem. We strongly recommend that you book your rooms in advance. If you do run into any problems in working with any of these sites, contact us for help. Some of the hotels will charge your first night at the time you make your reservation. The Greenbrier is one of them.

Please remember when making your reservations, that sessions run from approximately 8:00 am Thursday morning until Friday afternoon – usually by 4:00 pm. There is one exception to the schedule - our last session held in **Charleston on November 17-18 ends Friday night following a celebratory dinner**. Many of you may choose to stay the night. On most Wednesday afternoons/evenings before each session an optional tour, event or a reception will be planned by local alumni. You are encouraged to attend but not required. Some of the more memorable times during the program take place outside of the formal agenda.

**The following dates below are Wednesday and Thursday nights**, presuming you will be lodging at the site both nights. LWV will provide meals both Thursday and Fridays during our sessions including dinner on Thursday nights. Please plan to be there - this is time well spent with your class members.
